Never Trust A Man

Never to envy
never to fret
never to worry
never to envy
never to fret
never to harm thee
never forget

Don't ever trust a man
selling nowhere

That I'm in love
save my soul
save my mind
save my style
lady time can turn and burn you down

Don't ever walk alone
because I'm gonna be beside you
right beside you

Never to envy
never to fret
never to worry
never to envy
never to fret
never to worry
never forget

That I'm in love
save my soul
save this mind
save my style
because lady time can turn and burn you down
